

What does the REACH Team do?

The REACH Team is made up of Young People's Advisors (YPA) who are there to

support you and help you live independently and will give you

support and advice after you leave care. The amount of support you

will get depends on what you would like and your

circumstances. Your YPA will talk to you about what support you

need and record the information in your Pathway Plan. Your Pathway

Plan is written with you, and the important people in your life.

It sets your needs, views, and your goals. Your YPA will

regularly update this with you to it is kept up to date.
