

How to access Teams Meeting (PC)

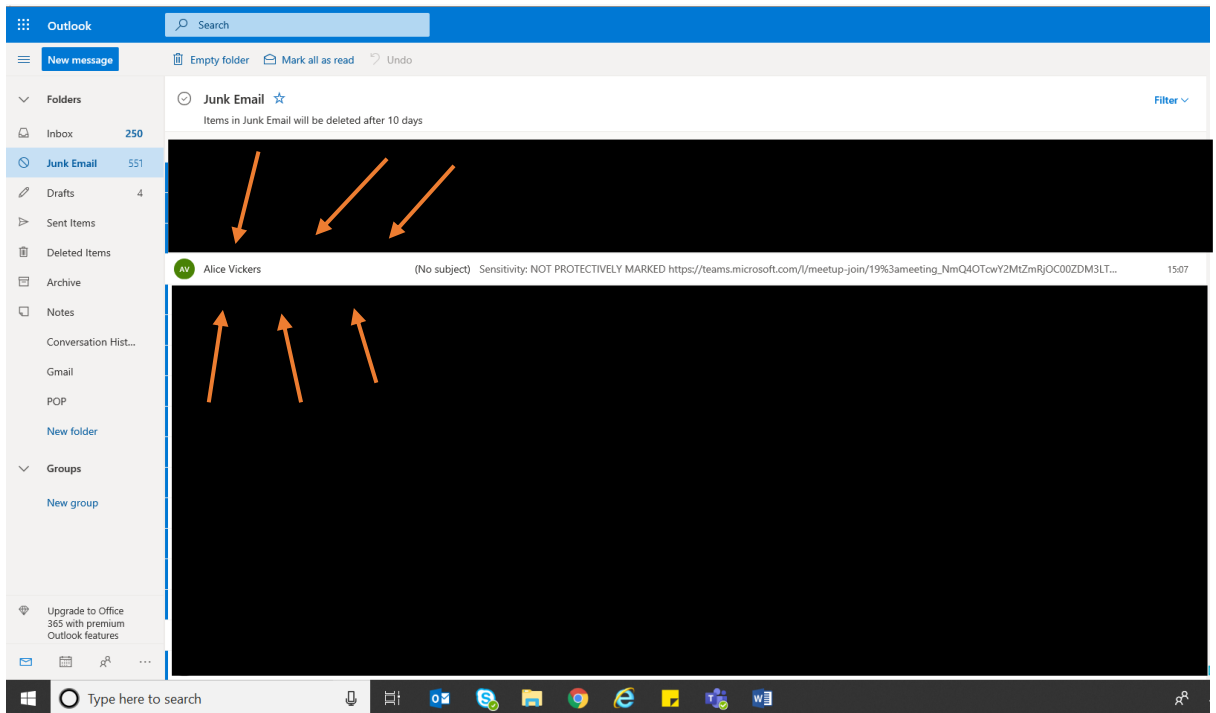

1. Open your browser whether this be internet explorer or chrome ect

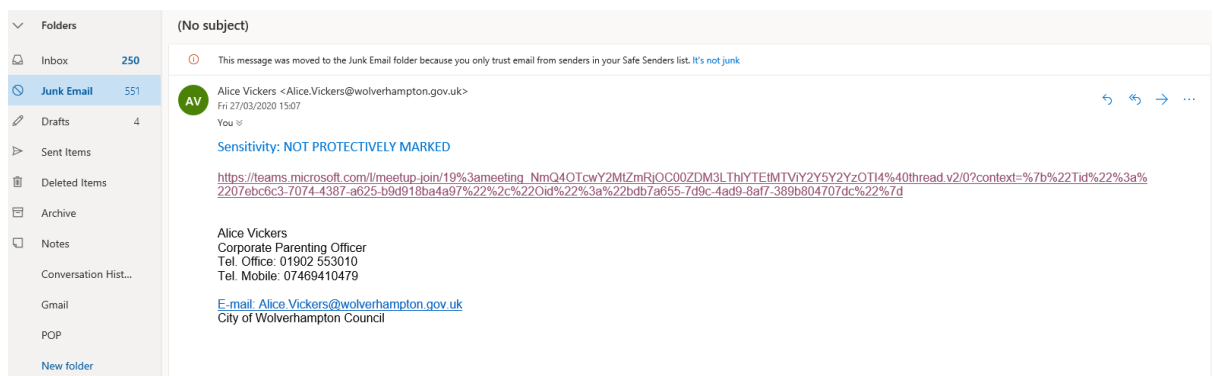

2. Login to your email address

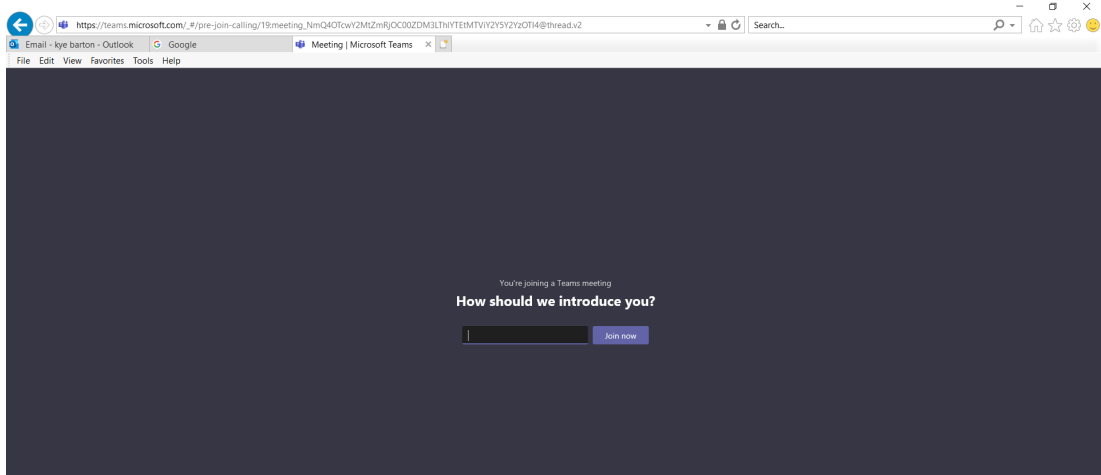

3. Find the teams invite, if you don't see it in your inbox it would be in your junk email. It would have been sent by an @wolverhampton.gov.uk email

4. Open the email, inside will be a link and will roughly look like this

5. Click on the link after you have done this your screen should look like this

6. Enter your name and click join and then you're in!
