

How access a Teams Meeting (Android)

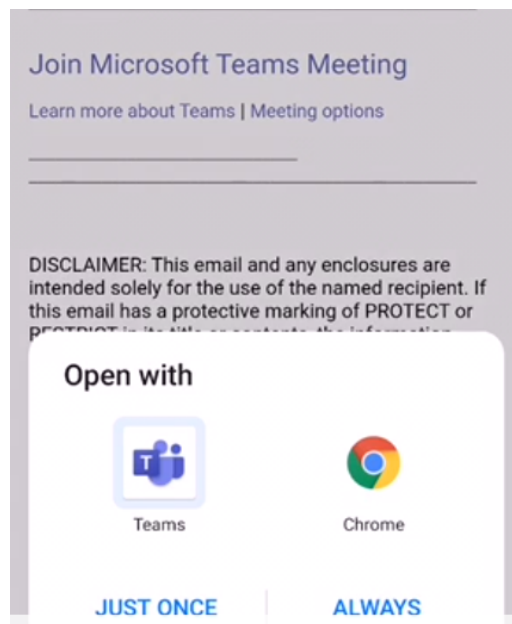

1. Make sure the Microsoft Teams app is installed on your device
2. Open your email and check your inbox if the email is not in there it will be in your junk email. You should see something like this

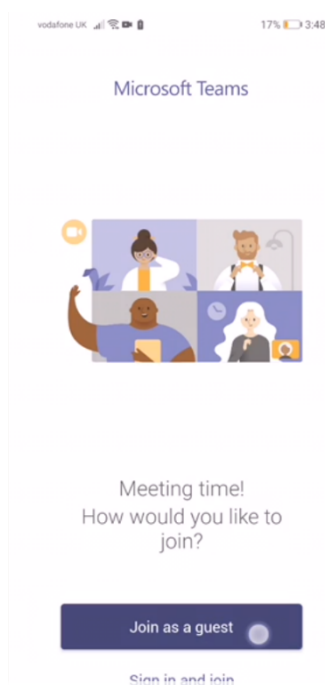

3. Click on the email and it should look something like this

Click on the link and open it with teams if it asks. It should look something like this

4. When you've done this should do be on this page

5. Click join as a guest

6. You should get to this page

Type your name, then select Join meeting.

amy

Join as a guest

7. Enter a name and click “Join as a guest” and then you’re ready to go
